

Appn. No. 10/828,961  
Amtd Dated July 19, 2005

APP 1486

Remarks

Claims 1 to 9 remain in the application. Allowance of claims 1 to 9 is gratefully acknowledged.

The specification has been amended at three places to correct typographical errors.

Claim 1 is amended to conform the claim language more closely to the antecedent basis found earlier in the claim. The amendment is a mere language clarification which does not affect the scope of the claim.

Claim 4 is amended to clarify that the storing occurs "in" the database and not "on" the database. This is a language clarification not affecting the scope of the claim.

Entry of this amendment is respectfully requested since the amendment corrects formal matters in the specification and claims which neither affect the scope of the claims nor require a new search.

Respectfully submitted,
